We are excited to share that we have an organisational subscription to The Beryl Institute that allows you to have access to all the benefits of membership from the Institute. The Beryl Institute is the global community of practice and premier thought leader on improving the patient experience in healthcare.

Membership with The Beryl Institute gives you access to the Institute's full library of patient experience white papers, research reports, webinars (including the archive of past webinars) and topic calls (also including archived calls). In addition, your membership gives you discounts to the Institute events and the ability to network with other patient experience leaders throughout the world.

To register for membership, please select this Registration Invitation for SVHNS that provides link to sign up a new user. (Note - Registration Invitation requires access from a SVHNS networked PC)

If you have any trouble registering or questions about the resources available through the Institute, you can contact Corey Adams, Manager Patient Experience at corey.adams@svha.org.au, or the Library at svhs.library@svha.org.au or Michelle Garrison at michelle.garrison@theberylinstitute.org.
